RIBA Bradford District Design Awards 2010

Thursday 7 October 2010 | National Media Museum

The Bradford District Design Awards is a bi-annual event celebrating high calibre architecture, design and those who have made an outstanding contribution to the District's built environment. Now in our seventh year, the awards in association with Bradford's Royal Institute of British Architects (RIBA), celebrate design excellence across key property sectors.

The awards are open to all buildings and landscapes in the Bradford district.

The judging panel will vigorously assess each entry and select awards and commendations rewarding the very best of architectural design and restoration across the district.

The result will be announced at the RIBA Dinner and Award Ceremony on Thursday 7 October 2010. The presentation will award the designer, owner and builder of the winning schemes either a prestigious award or commendation. The award ceremony will also include a display of the winning schemes.

Sponsorship Opportunities

This is a fantastic opportunity to support the District and raise your company's profile by promoting your organisation to both influential people in the construction industry and those of the district. You will be promoted throughout the marketing campaign, associating your organisation with the prestige that the Bradford District Design Awards stand for.

This high profile event is also the perfect opportunity to reward your staff and entertain and influence clients as well as network with your industry associates.

The awards provide a number of excellent sponsorship and advertising opportunities.

To discuss all sponsorship opportunities please contact:
